Introduction

The Constitution of the Bromley Safeguarding Children Board (BSCB) has been developed in line with the Children Act 2004, Local Safeguarding Children Board Regulations 2006 and statutory guidance contained within Working Together to Safeguard Children 2015.

It sets out the fundamental principles under which the BSCB operates and how it is governed.

Our vision is that “children and young people in Bromley are seen, heard and helped; they are effectively safeguarded, properly supported and their lives improved by everyone working together”

As leaders across a range of organisations, our commitment is to work together to make the lives of children safer by protecting them from harm; preventing impairment to their health and/or development, ensuring they receive safe and effective care; and ensuring a safe and nurturing environment for them to live in.

All the partners on the BSCB want to make sure that everyone who works with children across Bromley has the protection of vulnerable children and young people at the heart of what they do. In practice, this means **children are seen, heard and helped**.

Our aim is to ensure our child protection practice and outcomes for children and young people are at least good, and that staff in every agency, at every level, know what they need to do to keep children protected, and communicate effectively to ensure this happens. All of our activity is underpinned by the following **principles** of the Board itself:

- Safeguarding is everyone’s responsibility.
- At the core of our safeguarding and child protection work is the commitment to understand the quality of a child’s experience of local services
- To learn from individual experiences and have a positive impact upon young lives
- To champion and protect the safeguarding needs of vulnerable children and young people
- Our work is characterised by an attitude of constructive professional challenge
- To foster a culture of continuous review and learning with evidence based practice
- To foster a single child-centred culture, focussed on the needs of children, young people and their families
- To capitalise on the unique opportunities presented by a dual-borough board.

1. Statutory Framework

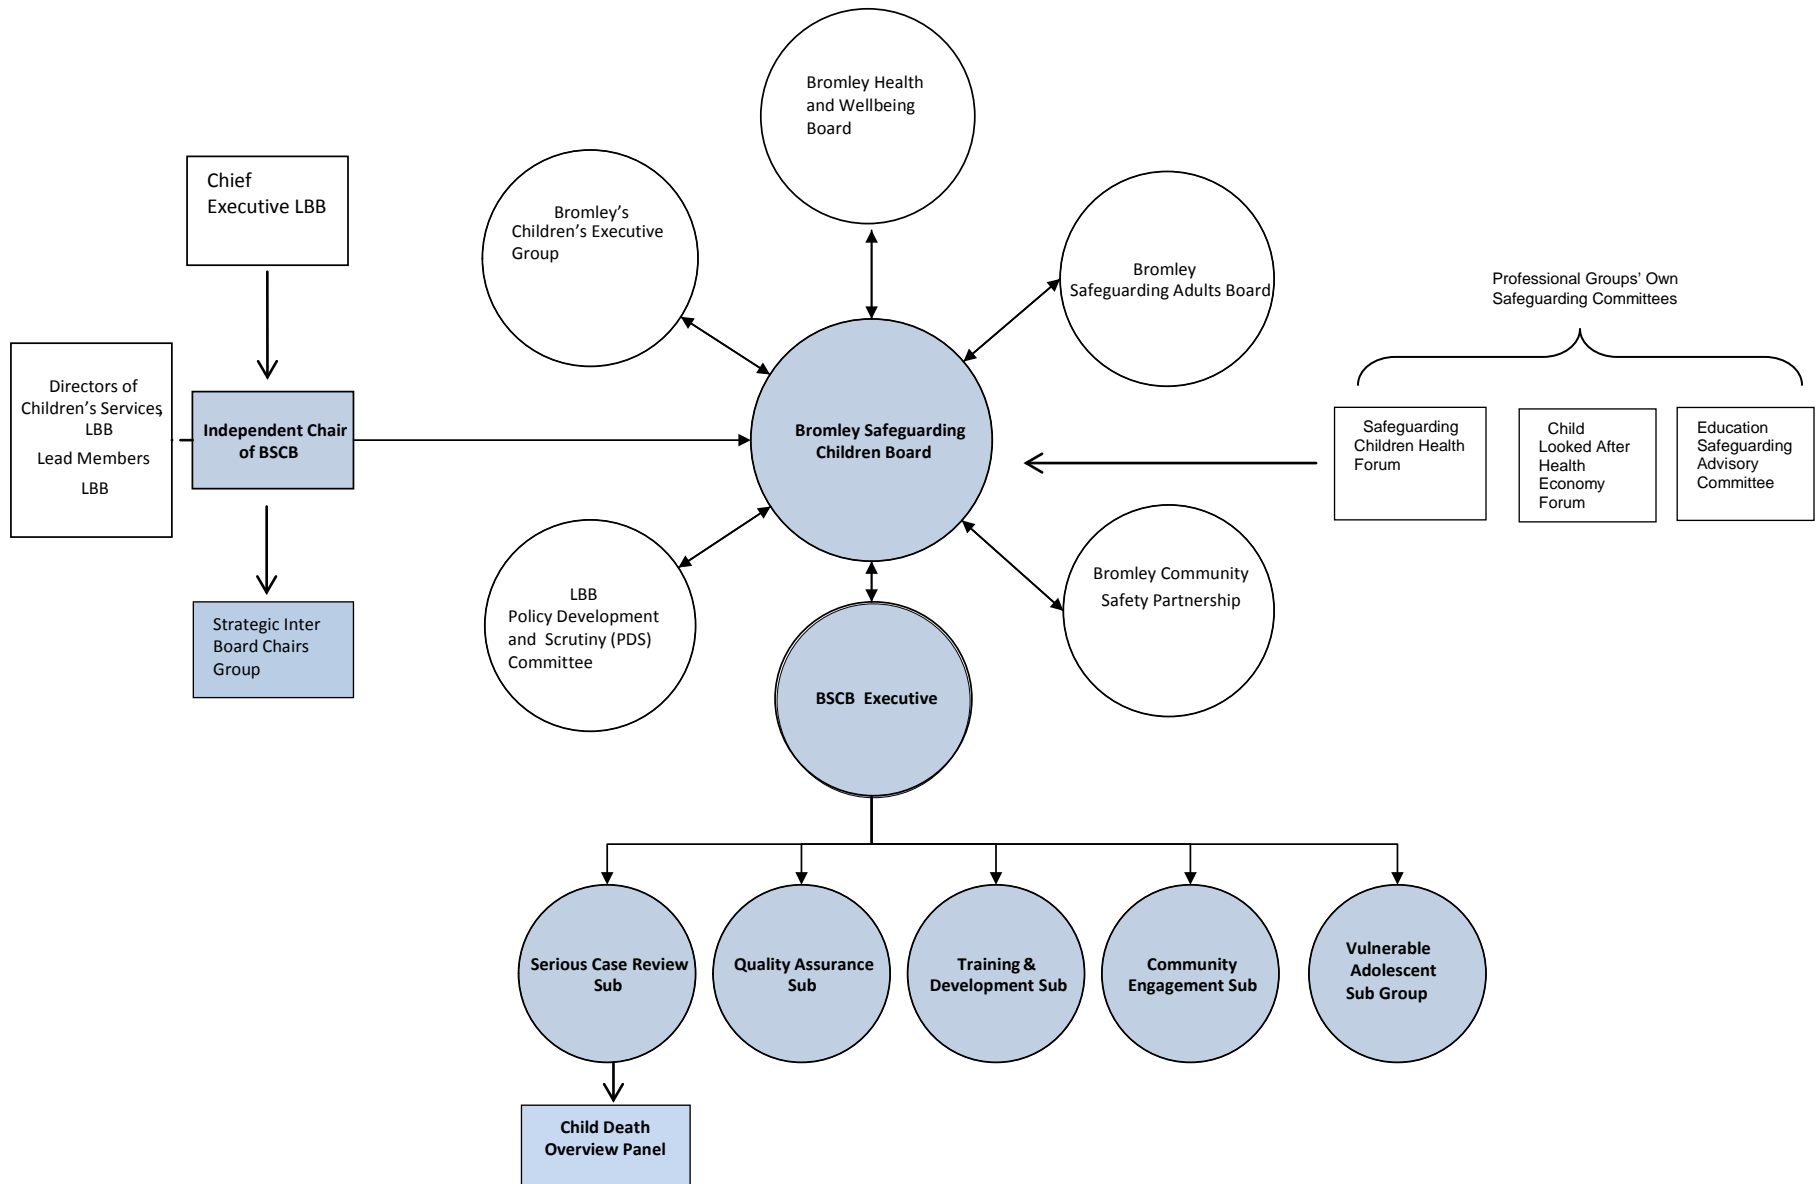

- 1.1 The Children Act 2004 (s.13) places a duty on Local Authorities to establish a Local Safeguarding Children Board.
- 1.2 The core objectives of the Board as provided for by section 14 of Children Act 2004 are to:
- (a) **Co-ordinate** what is done by each person or body represented on the Board for the purpose of safeguarding and promoting the welfare of children in the area of the authority by which it is established; and
 - (b) **Ensure the effectiveness** of what is done by each such person or body for those purposes
- 1.3 In the fulfilment of this objective the Board requires statutory partners to work together and individually in compliance with two additional Children Act '04 duties:
- The duty to promote co-operation with each other as well as with any other relevant bodies, with a view to improving the wellbeing of children (section 10); and,
 - The duty to ensure that in discharging their functions they have regard to the need to safeguard and promote the welfare of children (section 11).
- 1.4 'Safeguarding' is defined as:
- Protecting children from maltreatment.
 - Preventing impairment of children's health or development.
 - Ensuring children are growing up in circumstances consistent with the provision of safe and effective care.
 - Undertaking that role so as to enable those children to have optimum life chances and enter adulthood successfully
- 1.5 The functions of the Board in relation to its core objectives are set out in the Local Safeguarding Children Board Regulations (2006) and laid out in (a) to (f):
- a. The **development of policies and procedures** for safeguarding and promoting the welfare of children, including those in relation to:
 - The action to be taken where there are concerns about a child's safety or welfare, including thresholds for intervention;
 - Training of persons who work with children or in services affecting the safety and welfare of children;
 - Recruitment and supervision of persons who work with children;
 - Investigation of allegations concerning persons who work with children;
 - Safety and welfare of children who are privately fostered;

- Co-operation with neighbouring children's services authorities and with the agreed pan-London agenda
 - b. **Communicating** to persons and bodies in the area of the authority the need to safeguard and promote the welfare of children, raising their awareness of how this can best be done and encouraging them to do so;
 - c. **Monitoring and evaluating** the effectiveness of what is done by the authority and their Board partners individually and collectively to safeguard and promote the welfare of children and advising them on ways to improve;
 - d. **Participating** in the planning of services for children in the area of the authority;
 - e. **Undertaking reviews** of serious cases and advising the authority and Board partners on lessons to be learned;
 - f. **Conducting and analysing information** about all deaths in the geographic area covered by the authority by utilising the Child Death Overview Panel (CDOP) process
- 1.6 The Board may also engage in any other activity that facilitates, or is conducive to, the achievement of its objectives.
- 1.7 The Board will be responsible for the negotiation and management of a pooled budget including the setting of a minimum level. The BSCB budget will be held by the Local Authority on behalf of the contributing agencies.
- 1.8 The Board may at its discretion delegate decisions on individual issues to an individual, to the Executive Group or to another Sub-Group.

2. Governance and Accountability

- 2.1 The responsibilities of the Board in relation to other local strategic partnerships will be clearly delineated, taking into account the role of the Board to influence, challenge and evaluate the impact of strategic decision-making around the safety and welfare of children in Bromley.
- 2.2 The Board will hold partner agencies to account for their performance in safeguarding children and will maintain relevant strategic links across a variety of forums to ensure this happens. This will ensure that the Board provides influence and challenge to organisations in respect of their safeguarding responsibilities, effecting change where required and ensuring that the safety of children and young people does not get lost in wider strategic conversations. The Governance arrangements are set out in the diagram below.
- 2.3 Where the Board considers that a Partner is failing to meet its safeguarding commitments the Independent Chair will inform the Chief Executive (LBB), the DCS and will liaise with the agency in question in order to remedy such failings.
- 2.4 If the above does not remedy the performance issue the Chair/Chief Executive / DCS may then if appropriate, explain the concerns of the Board to the relevant inspectorate and if necessary, Government department.
