## Safer Recruitment Training

The Safer Recruitment one day course is essential training for anyone who is involved in the recruitment & selection of staff working with children and young people in schools, colleges and nurseries. It is a recommendation of the Bichard Inquiry that at least one member of a recruitment panel is appropriately trained in safer recruitment and that this training is regularly reviewed to stay abreast of statutory updates and developments in safeguarding practice.

### As part of the training delegates will be encouraged to;

- Consider policies and practice that minimise opportunities for abuse and ensure its prompt reporting
- Review their organisations policies and procedures to reflect current safeguarding best practice
- The roles and responsibilities of school staff in reporting and managing safeguarding concerns

The course is highly interactive and will offer delegates the opportunity to ask questions and discuss specific issues with an experienced HR professional.

### This is an accredited course and at the end of the training delegates will receive a certificate of accreditation and will have a clear understanding of:

- The Keeping Children Safe in Education Guidance and the statutory framework under-pinning this area of management
- The procedural steps and responsibilities of managers in addressing safeguarding issues

Liberata deliver the Safer Recruitment training once a month. We can also deliver bespoke packages to Multi Academy Trusts or groups of 8 delegates or more. **If you would like more information regarding our events please contact us 020 8603 3569**

Please don't hesitate to contact us if you require any further information.
