

**We are unable to share the CEOP (National Crime Agency's Child Exploitation. However much of the information is available on their website.**

We have been given permission to share the following information from the slides:

### **Current Trends**

- Rise in dare games, victims 7-10 year olds
- Increase in self generated material
- Fewer instances of online exploitation leading to an offline meeting
- Under reporting of gang related CSE
- Increased risk with live streaming sites
- Children being targeted for money as well as images
- Rise in LGBTQ young people reporting.

The Romeo and Juliet film is on You Tube
