Is someone doing something
sexual to you that you're
uncomfortable with?

Or something
sexual that's
humiliating?

Is someone else
getting money,
status or power
from it?

Things they say:

'I've given you clothes, jewellery, money, food, drink, a warm place to stay and now you owe me.'

'I owe someone money.'

'These people will beat me up if I don't pay them.'

'My rent needs paying.'

'I've protected you.'

'If you love me you'd do it.'

Heard it all before?
